

2011-12 City of Miyakonojo Household Garbage – Sorting and Disposal

- 1 Collection days and times vary depending upon region, so please confirm in advance before disposing.
- 2 Garbage will not be collected on Saturdays, Sundays, and during the new year period (12/31-1/3)
- 3 For industrial garbage (general waste), please bring it yourself to the treatment facility, or commission a contractor that has been authorized to collect general waste.
- 4 Please treat aerosol spray cans and gas lighters as dangerous garbage and sort and dispose of them accordingly.

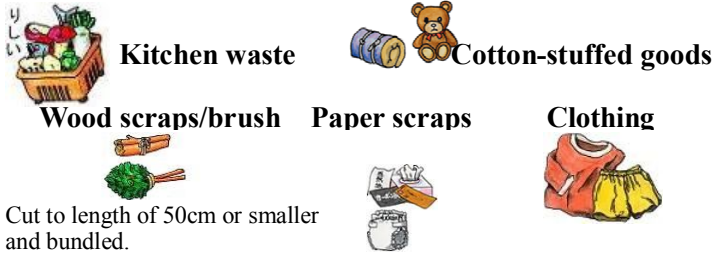

Please see reverse for collection schedule.

Things Processed by the City

※The places for burnable and non-burnable trash are not the same! Please check where your locations are for both kinds of trash before disposing.

Burnable

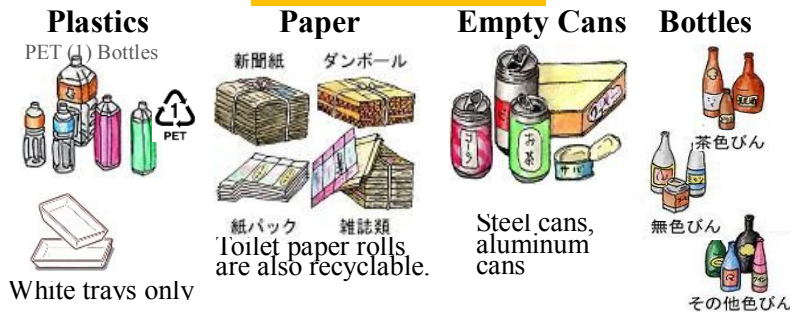

Please use a designated (blue) trash bag

Cut to length of 50cm or smaller and bundled.

- Please drain water from kitchen waste, and shake soil from grass before disposing.
- **Cooking oil is burnable garbage.** To keep our rivers clean, please do not pour it down the drain. Instead, please soak it up with paper or rags before disposing.
- **<Use of recycling containers>** There are collection bins at community centers so please make use of them when disposing of cooking oil.
- For items too large to fit into designated bags, please call the **Waste Disposal Facility (Tel 23-0277)** and bring it directly to the facility.

Recyclable

- Please thoroughly sort garbage, and make sure containers are washed and empty.
- Recyclable Styrofoam trays are limited to the food trays that are white on both sides (trays with color on one side are non-burnable).
- Recyclable garbage is collected on the premises of local community centers or in other designated locations.

Hazardous

- **Gas cartridges, spray cans, etc...**
Please empty containers completely before disposal.
- **Gas lighters**
Please empty all fuel before disposal.

Non-burnable

Please use a designated (red) trash bag

- Colored trays and Styrofoam are non-burnable (completely white food trays are recyclable).
- Please empty all contents of food and detergent bottles before disposing of them.
- Please take large garbage that does not fit in designated bags (excluding recyclable household electronics) to the **Recycle Plaza**. Metal pots and pans will be accepted as recyclable garbage.
- Rubble, ash, large amounts of glass, ceramics, etc... should be brought directly to the **Final Disposal Site**. (Please limit the amount of glass or ceramics to 1-2 sheets.)
- Cosmetic bottles and cups should be disposed of in small quantities as non-burnable garbage.
- PET bottle lids should be disposed of as non-burnable trash.
- Please cut hoses and electrical cords to lengths of less than 1 meter before disposing.

Harmful

- **Fluorescent Bulbs**
Incandescent bulbs and broken fluorescent tubes should be disposed of as non-burnable garbage.
- **Alkaline Batteries, Manganese Dioxide Batteries**
Rechargeable and button batteries should be returned to collection boxes at retail locations.

Things That Cannot be Processed by the City

※Please consult with a retailer or handling contractor for disposal of the following items.

Miyakonojo General Waste Collection Designated Contractors

※Excluding handling contractors that handle only specific items

● Regarding paid collection of oversized garbage

Garbage from moving to a new house cannot be processed, so please contact one of the designated handling contractors from the table at the right. For other oversized garbage, if you cannot bring it in yourself, the city will come collect it for a fee. Please contact the city to apply.

● **To Apply** Environmental and Industrial Affairs Div.
TEL 2 4 - 5 5 6 0

● **Collection Days** Every Wednesday (No collection during new year's holiday)

● **Fees** 200-900yen per item (plus tax)

● **Amount** Depending upon the state of reservations and how much is being collected, the amount that can be collected may be limited.
